Dear Val, I thought in places will look very  
like ~~you~~. Thank you for your letter and  
here as promised is the calendar. Hope you like it. Would just like to mention  
that Nelson - Jeannette's first film is on C4  
on Thursday morning 9-30 am. It was the  
film that shot Nelson to stardom  
overnight. The film was made in 1935.  
Nelson's singing was magnificent, it simply  
bowled me over at 13 yrs of age!  
Everyone who saw him has said the  
same thing. He was fresh from the concert

I have had my manuscript returned.  
Money was the reason given. They did  
say to offer it to some music publishers.  
Hope you are all and this finds you alright.
