

Dear Valentina Bold.

Thank you for your letter of 8<sup>th</sup> February.

My friend has now sent her photographs & a diary - the latter she would liked returned -

She has also made a list of all the films she saw in De Thorpe's -

I lived in Norfolk then - in fact we were & still are great friends & I saw most of the films with her - Reading her list brought back many memories -

Your questionnaire was difficult to answer as there were many films & stars I could not include.

I am most interested in your project & would be most interested to hear the outcome -

Do you have copies of the movies films - I would love to see some of the ones listed - I am addicted to "oldies" & always watch them on T.V.

Yours sincerely  
Ida Jarron.
