Dear Mrs. Bull,

I am sending you the enclosed
as they have some bearing on mobile cinema.

I knew the chap who ran Mobile Sound
cinemas well - he used DeLuxe projectors &
did a very good job.

I also mentioned Norman Hafe - Bell
who, as "Britain's youngest film producer" ran
Hafe-Bell Productions - they did some of the
old Mather Riley films. When this company
finished he did run mobiles in North Norfolk
- this would be around 1950 I think.

I am afraid that I am not offering you
anything concrete or specific.

You ought to try a letter in
magazines like A.C.F. or Glicks as their
mature readers often recall their early days
& one or two chaps have written about medals,
but not in Norfolk.

yours sincerely

John Watson
