Dear Mrs. Bald,

Thank-you for your recent  
letter. I am sorry that I have not answered  
before. I am making rather a slow return to  
normal after rather a nasty bout of double-  
infection.

Yes, of course, you may phone me  
here. At present I am told to keep warm and not  
to do too much, so normally I would be here any  
time after than Thursday mornings.

I have had a couple of thoughts  
on mobile cameras. The first is that you  
should write to the Editor of our local  
paper which has a wide East Anglian circulation.

The Editor

Eastern Daily Press

95-323-6a

you could ask readers for details of places, dates and people concerned with mobile cinemas.

The second is that you should make the acquaintance of a publication called 'The Mini Cinema'. This was published monthly from mid 1949 until publication ceased - later it appeared as 'The Mobile Cinema'. I have ~~not~~ only seen a bit 1950, but it talks of mobile equipments in between notes on film societies, the threat of television sets from the line of ~~showing~~ <sup>receiving</sup> and promoting films. Its adverts cover generators for mobiles + complete equipments. I enclose some photocopies of the ads etc.

Look forward to hearing from you,  
yours sincerely

John Watson
