**Band Parts**

The Jack Hylton Collection held Special Collections and Archives at Lancaster University comprises the business papers of Jack Hylton (1892-1965), pianist, composer, band leader and impresario. The collection contains over 2300 band parts used by the bands directed by Jack Hylton dating from the 1920s to the early 1960s.

Band parts comprise the musical instructions for each member of the band for a particular musical composition, including parts for each instrument and vocals, written by the arrangers who worked for Jack Hylton. The band parts for a composition can include the original printed score.
