

# LMS PROSPECTS IN MATHEMATICS MEETING

**6-7 September 2019**

Lancaster University

(c) Minhea Ungureanu

**All finalist maths undergraduates, who are considering applying for a maths PhD in 2020, are invited to the 2019 LMS Prospects in Mathematics Meeting.**

The meeting will feature speakers from a wide range of mathematical fields across the UK who will discuss their current research and what opportunities are available to you.

**D. Colquitt** (Liverpool) Applied Mathematics; **C. Cotar** (UCL) Probability Theory; **D. Loghin** (Birmingham) Numerical Analysis; **L. Morgan** (Lancaster) Operational Research; **H. Ogden** (Southampton) Statistics; **J. Pitchford** (York) Mathematical Ecology; **G. Reinert** (Oxford) Applied Probability; **L. Theran** (St Andrews) Rigidity; **A. Thillaisubdaram** (Lincoln) Algebra; **B. Tom** (Cambridge) Biostatistics; **L. Walling** (Bristol) Number Theory

**Fifty places are available, including overnight accommodation and some funding towards travel costs.**

**To Apply;** email Dr Nadia Mazza ([n.mazza@lancaster.ac.uk](mailto:n.mazza@lancaster.ac.uk)) headed *Prospects 2019 Application* with the statement: 'I am on track academically to begin PhD studies in 2020' with evidence of your predicted degree classification. **Application deadline is 19 July 2019.** **More information is available at <https://www.lancaster.ac.uk/maths/pim2019/>**
