Top 5 tips *for attending* *an* Open Day

There's a lot to see at a Lancaster University Open Day, we recommend taking some time to plan your day before you arrive. We've included a handy scheduling planner on page 29 to make this easier for you.

Our beautiful campus is waiting to be explored, and you'll start to see if you can picture yourself here. Staff and students are on hand to answer any questions you may have. We asked Marketing student Alice for her top 5 tips on making the most of your day.

Picture yourself at Lancaster

You're in the process of making one of the biggest decisions you've ever had to make! From the 1000's of courses and 100's of universities nationwide, you've done well to narrow your list down this far! Now's the chance to really see if you can see yourself here. Remember your day by taking photos, writing down notes and getting as many information leaflets as possible so you can compare them down the line.

Plan your day

Open Days can be overwhelming with lots of talks, stands, taster lectures and tours to tick off, so try and plan your day in advance. There's even a handy planner in the back of this programme if you haven't done it already! Take 10 minutes to have a flick through what's on offer and jot down what you'd like to do, to make sure you're covering academics, campus, colleges and support! Not sure what to do? Talk to some of our ambassadors who can help recommend where to start!

Dive into every aspect of campus life

From campus tours to accommodation and college life, make sure to get the most out of your Open Day! Every university is different, so make sure to immerse yourself into campus and college life. Whether that's sitting on the steps in Alexandra Square, trying local eateries or seeing the facilities, make sure to look around. Grab every opportunity on the day to gather information to make sure you're making the best decision for you!

Be curious – No question is off limits

Ask as many questions as you can! The people who know the university best are the one's studying and living there. With staff and student ambassadors located across campus, make sure to ask them about their experience. Whatever you're curious about, from societies, to Roses (Lancaster vs York varsity competition), to accommodation or facilities, make sure to find out what it's really like. A great idea is to plan your questions in advance as it can be overwhelming on the day, so have a list on your phone or in your notebook to make sure nothings missed!

Reflect and follow Up

Whether it's on your drive home, on the train or as you walk around campus, reflect on whether you can see yourself at Lancaster. Hopefully you're walking away excited about your next chapter! If you're still unsure, make sure to reach out to the departments or use our Unibuddy scheme to talk to current students!

Your *college* and *accommodation*

Our colleges are central to the Lancaster experience. They offer a community you can be part of from day one, and the affiliation stays with you long after you graduate. You can find out more in our accommodation and colleges talk at 11.00am and 2.00pm in the Great Hall (Map ref GHC).

Lancaster University is proud to be one of a handful of UK universities to have a collegiate system. We have eight undergraduate colleges and every student belongs to a college whether you live on campus or not.

Most undergraduate students will live on campus in college accommodation in their first year, but it's much more than just a place to stay. You'll quickly find that your college is with you in most aspects of your student experience.

You'll study and socialise, and there are lots of college events and activities to get involved with. There is also the opportunity to experience some friendly competition with inter-college tournaments. It's your first port of call for support and help and when you graduate you'll do it with your college by your side. You'll always belong to your college, even after you leave Lancaster.

No matter which college you choose you'll experience the same level of support and community. All colleges have their own social space with a different personality but you can access them all no matter which college you pick.

From the moment you arrive, your college focus is on providing an environment where you can settle in and feel supported. Each college has a Junior Common Room (JCR) Committee who are the student voice and work alongside college staff to ensure you have the best college experience.

Choosing your college usually comes down to the type of place you want to live and the facilities that you need. Different colleges offer different room types like townhouses, studios, bedrooms with shared bathroom, bedrooms with private bathroom- whatever suits you.

Explore our accommodation

On the Open Day, visitors are invited to explore our accommodation options and get a real feel for student living. Start your visit by stopping at one of our accommodation welcome points in County College Common Room (North Campus) and Pendle Brew (South Campus) where you can chat with our friendly and knowledgeable accommodation team. They'll be on hand to answer any questions you might have and provide you with a detailed map highlighting which residences are open for viewing.

Once you've got your map, feel free to make your way to any of the listed accommodation sites. There, you'll be greeted by our enthusiastic student ambassadors, who are ready to give you a guided tour. They'll share their own experiences of living in university accommodation, offer insights into day-to-day life, and help you picture what it's like to call our campus home. Whether you're looking for en-suite options, shared flats, or quieter living spaces, this is a great chance to see what suits you best.

Visit our Colleges Hub

Visitors will have the chance to explore Lancaster's unique collegiate system at the Colleges Hub, a dedicated space bringing together all eight of our undergraduate colleges in one place. Located in Furness College (Map ref FUR), the hub offers an excellent opportunity to speak directly with college managers and JCR (Junior Common Room) student representatives, who will be on hand to share insights into college life, support networks, facilities, events, and much more.

Whether you're curious about what makes each college distinctive or want to understand why the collegiate system is central to the Lancaster University experience, the Colleges Hub is the perfect place to find out more and see where you might belong.

Chaplaincy *at* *Lancaster University*

The Chaplaincy at Lancaster seeks to use the window of faith and spirituality to holistically meet the needs of every member of the Lancaster University community to enable them to flourish. It provides religious, spiritual, pastoral care for students and staff of the key world faiths and to those of no faith.

Vision

That Chaplaincy (and its space(s)) becomes a vibrant and active community hub where students and staff from across the spectrum of faith and cultures see it as 'home'. It is through this shared space, owned by such a diverse community, that pastoral care, inter-faith dialogue and shared community projects for the benefit of all can take place.

Core Chaplaincy Offer

- Ensuring provision, advocacy and dialogue for/with faith groups on campus.
- Offering pastoral/spiritual support for staff and students of all faiths and none.
- Building bridges and creating a sense of community where flourishing can happen.
- Facilitating formal and informal public events such as memorials, carol services etc.

The Chaplaincy Lounge will be open throughout the day as a calm, family-friendly space.

Visitors are very welcome to use the space to unwind. There will also be refreshments available all day, so feel free to drop in at any time for a break, a chat, or just a quiet moment.

Lancaster *Arts*

Lancaster Arts (LA) is Lancaster University's professional contemporary arts organisation, offering opportunities to engage with vibrant, inspiring and challenging art and artists right here in Lancaster.

Our work happens in the University's dedicated arts venues, the Nuffield Theatre, the Great Hall and the Peter Scott Gallery, but also out and about across the University campus and in the city and wider region.

We have a long-established artistic reputation for the creation, development and presentation of cutting edge contemporary arts and are proud to be part of Arts Council England's portfolio as a combined arts organisation.

For students, we offer more than the chance to see and participate in thought-provoking art. Our student volunteering programme provides behind-the-scenes insights, the chance to build skills and experience and to connect with others within and beyond the University.
